

Re-order On Time!

Most Insurance Companies only Pay for a medication **2** (*two*) days before running out.

We send a *30-day* supply on routine oral *tabs/caps* (does not include controls, liquids etc..)

Which means **you should re-order on day 28 or 29 ...** (when there is a **2** -*two*- Day supply left)

- If you re-order Monday Thru Friday before 6pm, you will receive the medication that evening.
- If you re-order Saturday before 3pm, you will receive the medication that evening.
- If you re-order after 3pm on Saturday you will receive on Monday evening's delivery.
- If you re-order anytime on Sunday you will receive on Monday evening's delivery

*If your facility in on a "Cycle Fill" program it is not necessary to re-order your routine oral tabs/caps (does not include controls, liquids etc..) These medications will *automatically* be sent to your facility every 28 days.

****FACT...** We send **5,000** Communication faxes per month on medications re-ordered to soon **
*****This number represents a nurse walking to her med cart **5,000** extra times per month*****
