12-11

- Communication faxes are faxed to your facility for a few reasons:
 - Medication is ordered too soon
 - Missing information on your prescription

- This month we will review Refill Too Soon Communication faxes
 - On the Right hand side of the Communication fax states ... Do we need to send medication?
 - If medication needed you must *Write – YES.....*and fax to Skilled Care (**Your facility will be charged**)
 - If the med is needed, the nurse who is authorized to sign Must PRINT her name.
 - If the name is not provided or illegible the communication fax will be re-sent to your facility.
 - If you do not need any of the orders listed - No action is necessary, DO NOT fax back

- Your medication will **NOT** be delivered until the Communication Fax is filled out appropriately

*Insurance companies will only pay for the medication to be refilled **2 days** before it runs out*

**For additional questions, please contact your Customer Care Representative at
 1-800-334-1624 or 513-459-7455**
