Skilled Care Pharmacy Names Executive Director of Client Services

(Mason, Ohio; August 09, 2011) – [Skilled Care Pharmacy](#), a provider of medication needs for residents in extended care communities in Ohio, Kentucky and Indiana, has named [Sandra McLellan](#), RN, C, BS, as Executive Director of Client Services.

McLellan, certified in gerontology, will utilize her expertise in the long-term care area at Skilled Care Pharmacy. As a versatile healthcare professional, McLellan's strengths fall within regulatory, problem solving, systems development and implementation, new program development and customer relations.

Spending most of her 35-year career advocating for the elderly in the Dayton/Cincinnati area, McLellan has experience in both hospital and long-term care facility settings. She has played numerous roles, including clinical nurse, corporate director of nursing, management consultant, surveyor for the Ohio Department of Health and nurse educator.

Prior to joining Skilled Care Pharmacy, McLellan was Vice President of Clinical Services and a member of the executive team at Remedi, formerly HealthCare Pharmacy, located in Covington, Ohio.

"Sandy is a high caliber professional. She has a thorough understanding of how this industry functions, which is evident by her years of extensive experience," stated President of Skilled Care Pharmacy [Larry Galluzzo](#). "Sandy's knowledge and experience support Skilled Care Pharmacy's mission to serve the needs of its patients."

As a privately owned, long-term care pharmacy located in Mason, Ohio, Skilled Care Pharmacy originated in 1981 with just one employee and three nursing homes. Now, celebrating over 30 years of service, Skilled Care Pharmacy provides for over 10,000 residents in long-term care communities across Ohio, Kentucky and Indiana. Through unprecedented customer service and a passion for improving the lives of those they serve, Skilled Care Pharmacy has maintained its trusted independence in an industry where consolidation has become the norm.
