

September 15, 2009

Dear Jack,

I hope you find this little testimonial/quote helpful.

“Skilled Care Pharmacy has been a great partner in helping us to care for older adults. Their staff is always willing to share their knowledge and experience with us. I do appreciate the routine visits and the Consultant Pharmacist who attend our QA meetings and is always willing to talk to our physicians.”

Sincerely,

A handwritten signature in cursive script that reads "Janet Julian".
